

The Y Leaders Leadership Program at YWCA White Plains & Central Westchester is a leadership initiative that aims to equip young womxn in high school and college with the tools they need to be effective and empowered leaders.

Our spring 2022 program will take our participants through trainings that will teach them how to better communicate with themselves and the world around them, how to build in daily affirmations into their lives, how to empower each other and how to navigate spaces in a way that affects change.
